

RESPONSIVE HOMEPAGE UNIT

High impact Responsive format delivered onto mobile & desktop Main homepage, designed to increase awareness & consideration and is available as a 24-hour tenancy .

- Assets will be displayed in both Retina and Non Retina on site.
- **Available only on the Main Autotrader Homepage from the 1st April 2023**
- All assets to be built using our bespoke PSD Template

UNIT	DESKTOP	TABLET	MOBILE
FILES ACCEPTED	JPEG/PNG ONLY		
DIMENSIONS	2448x832	1950x966	1200x1662
MAX FILE SIZE	500KB	500KB	200KB
VIDEO/ANIMATION	NO		
CTA	CLICK TO AUTO TRADER PAGES ONLY		
LEAD TIME	5 WORKING DAYS		

Creatives must be supplied using our Responsive Template which can be downloaded below. The PSD template contains the relevant safe area/guides for all devices.

[PSD Template](#)

1024px and above Desktop*

600 - 1023px – Tablet*

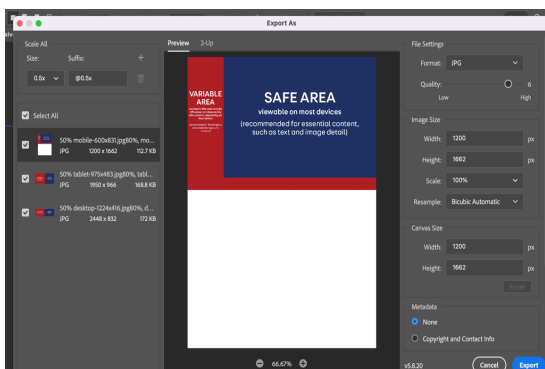

Below 600px – Mobile*

The templates are designed to support a majority of devices, but for a small percentage of the audience (between 600-768px and between 320-470px), the safe area does reduce, as the viewing area crops from the left, so please consider this in your design (weight your content to the right hand side of the safe-area on the tablet and mobile creatives).

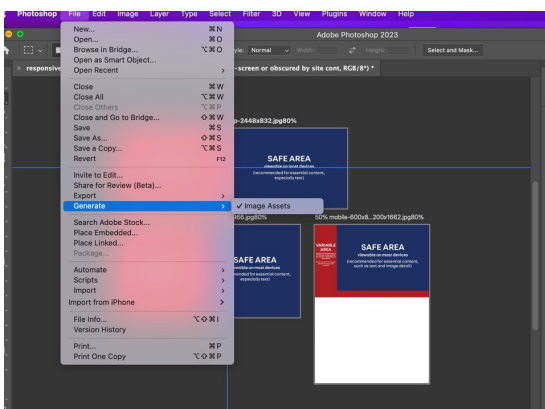

EXPORTING THE CREATIVES:

Once the images and text have been finalised, please use the export option in Photoshop. This will generate **six files required** which includes the non-retina sizes (at half the resolution).

EXPORT OPTION 1:

Generate (Certain Versions of Photoshop)- This will export, resize and name the files in a auto generated folder.

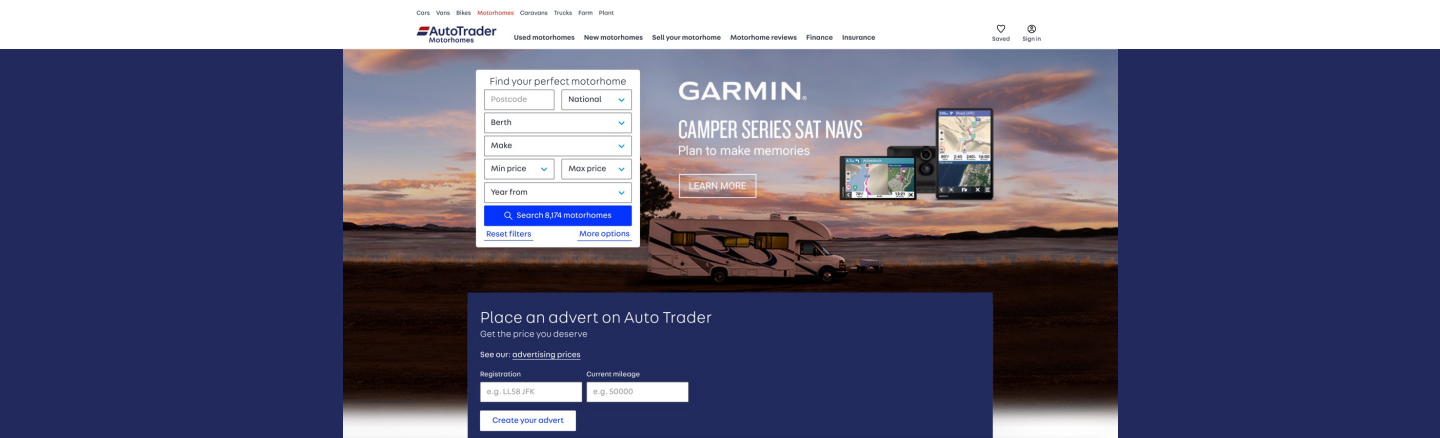

EXPORT OPTION 2:

Export as: If this option is available, please select size as 0.5x and export. This will name and generate the non retina image versions of the HPTO.

If renaming creative files, please keep the exported creatives in the naming structure e.g. Campaignname_desktop-2448x832 / Campaignname_desktop-1224x416

NON-CAR HOMEPAGE TAKEOVER

High impact format delivered onto mobile & desktop homepage, designed to deliver high performance on key metrics and is available as a 24-hour tenancy.

BRAND SAFETY

We take brand safety and privacy very seriously and work closely with industry bodies such as AOP, IAB, TAG and Sourcepoint to protect user privacy and uphold GDPR compliance.

We have strict internal policies that we adhere to for all digital advertising campaigns we manage. All digital advertising campaigns are managed by our in-house campaign management team using the latest technology.

Bookings placed on Auto Trader are placed in a high quality, brand safe environment for advertisers with no user generated content or any non-automotive video content.

Bookings will be placed alongside private and trade advertisements. Each advertisement has been approved by our in-house teams and sellers must adhere to our [terms and conditions](#)

TAKE DOWN POLICY

In the unfortunate event that an advertisement is displayed against content that is considered inappropriate we will remove the advertisement no more than 24 hours from when the notification is received. Upon the notification being received, our campaign management team will work directly with internal team to remove any activity deemed in breach of contractual obligations.

If you have any concerns about any Display Advertising on Auto Trader, please contact campaign.management@autotrader.co.uk.
